

## CREDIT

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

### ACCREDITATION STATEMENT

In support of improving patient care, the University of Wisconsin–Madison Interprofessional Continuing Education Partnership (ICEP) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

### CREDIT DESIGNATION STATEMENT

The University of Wisconsin–Madison ICEP designates this live activity for a maximum of 9 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### CONTINUING EDUCATION UNITS

The University of Wisconsin–Madison ICEP, as a member of the University Professional & Continuing Education Association (UPCEA), authorizes this program for .9 continuing education units (CEUs) or 9 hours.

### NEED STATEMENT

This activity is being held in response to mental health professionals' previous conference evaluations and the need for ongoing continuing medical education for clinicians in the area of psychiatry.

### TARGET AUDIENCE

This activity has been designed to meet the needs of clinicians and other health care professionals who are looking to enhance their knowledge and skills for the care of their patients with mental health issues.

### ELEMENTS OF COMPETENCE

This CME activity has been designed to change learner competence and focuses on the American Board of Medical Specialties' areas of medical knowledge and patient care and procedural skills.

### POLICY ON FACULTY AND SPONSOR DISCLOSURE

It is the policy of the Wisconsin–Madison ICEP that the faculty, authors, planners, and other persons who may influence content of this CE activity disclose all relevant financial relationships with commercial interests in order to allow CE staff to identify and resolve any potential conflicts of interest. Faculty must also disclose any planned discussion of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosures will be made in the activity handout materials.

LEARNING OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Identify the pathophysiology and diagnostic implications of irritability in children and adolescents.
- Describe the mechanism of action, benefits, and risks of the newest antipsychotics in the treatment of schizophrenia and schizoaffective disorder.
- Develop a plan to incorporate mindfulness into psychotherapeutic and medication management interventions.
- Design a plan to approach to addressing peripartum and postpartum mental illness.
- Distinguish ethical challenges that can arise during consultation to emergency departments and inpatient units.
- Explain how chronic pain affects the diagnosis and management of mood disorders.
- Summarize the current status of new interventional therapies in depression, and appreciate their potential use in the future.
- Identify the key issues in the geriatric patient that presents in a general clinical setting.
- Explain how cannabis use affects the diagnosis and management of psychiatric disorders.
